The French Assembly.

VERSAILLES June 5—The Assembly to-day presented an animated appearance. Many notabilities occupied seats on the floor. The galleries were crowded with spectators in anticipation of a debate on the right of Orleans Princes to seats in the House. Among the distinguished persons present were Prince Metternich and nearly all of the members of the Diplomatic Corps.

Thiers rose to move a postponement of discussion. He said he had passed hours in consultation with members of the committee having in charge the subject which now engaged the attention of the Assembly. The committee had acknowledged to him that it was impossible for them to come to an agreement to-day, and he had requested them not to hasten their deliberations. He stated that he was unwell and begged the Assembly to consent to the postponement of the consideration of the grave question at issue until Thursday. The committee, he said, favored a simultaneous decision on the verification of the election of Orleans Princes and the abrogation of the decree of exile against them. The Assembly agreed to adjourn debate.

The committee appointed to consider what action be taken in regard to the recent acts of the Government of France, reported in favor of an investigation into the administration of the Government of national defense at Paris, Tours and Bordeaux, and of the Government over which Thiers presides.

Affairs in Paris

PARIS, June 5—Belleville, la Villette and Montrouge are still patrolled day and night.

Deputies in the Assembly from departments occupied by German troops intend to move that disquieting debate in regard to the position of Orleans Princes be postponed until the conclusion of the loan and the payment of the war indemnity has freed the country from Germans.

An address to the Pope is circulating in the provinces expressing the hope that regenerated France will soon lend an avenging arm to the Holy Father. The document is freely signed.

Prisoners at St Sulpice endeavored Sunday to get possession of arms. The attempt was discovered and frustrated. Several soldiers, who abetted the prisoners were arrested and immediately sent to Versailles.

The rumor has not yet been confirmed that Felix Pyat was arrested in Paris to-day.

WASHINGTON CITY

Indian Affairs

WASHINGTON June 5—There is high official authority for denying the truth of various disquieting reports which recently gained currency to the effect that the War Department apprehends a general Indian war this summer, and that serious differences of opinion and conflicts of authority have arisen between the Interior and War departments in relation to the treatment of the Indians, and that the subject of Indian affairs has lately occupied the attention of the Cabinet. There is also sufficient authority for stating that reports of impending changes in district and department commanders with a view of better enforcement of Ku Klux legislation by Congress are equally unfounded. It is especially denied that General Sheridan is to be ordered east to command the division of the Atlantic.

CANADA

The Washington Treaty

OTTAWA June 5—The *Times* of to-day speaking as representing Sir John A. M'Donald, says the statement in the *Montreal Witness* and accepted in good faith by the American papers to the effect that the Dominion Parliament would not be asked to consider the treaty—that Lord Lisgar had signed it and that it was ratified as far as Canada is concerned is without foundation.

CALIFORNIA

From San Francisco

SAN FRANCISCO, June 6—On arrival of the Irish exiles at the Lick House last night, the audience gathered in front and filled Montgomery street for three blocks as closely as they could stand. The number present could hardly have been less than 15,000. Lobby and Gen. Burke made short but spirited addresses from the balcony, stating that the object of their visit to California was to reorganize Irishmen for the liberation of Ireland, and that they never for a moment doubted their ultimate success.

Maud Wakeman aged five years and granddaughter of Gen John Willson was burned to death by her clothes igniting from matches yesterday.

Two hundred live hogs from Iowa were among the overland arrivals last night.

Beet Sugar Manufacture

The manufacture of Beet Sugar in this country has thus far made but little progress although scientific investigation has conclusively demonstrated that in many sections, the soil and climate is all that could be desired for the growth of the Sugar Beet. As in time the manufacture of Sugar from this vegetable may become a popular industry and a great source of national wealth its history and present importance in other countries may not be uninteresting. Although the saccharine qualities of the Beet were discovered as early as 1747 but little attention was given to its manufacture until the time of Napoleon I. As all colonial products were excluded from France the necessity of producing Sugar from native products became a matter of great importance. Beet Sugar making received a new impulse and grew into vast proportions. The readmission of West India Sugars nearly broke up the Beet Root manufacture and it was only kept alive by the imposition of a high tariff on foreign Sugars in 1820 and 1822. From that time the product rapidly increased until the breaking out of the Franco German war when it was one of the most important of the industries of France and one which rendered her comparatively independent of the West Indies.

In Germany, Belgium and Russia Beet Sugar is manufactured to a considerable extent and such is the importance attached to it in these countries that it is fostered and encouraged in various ways. The number of manufactories in France before the recent war was set down at 471, in Belgium at 120, the Zollverein at 297, and in Austria at 200. There are also thousands of spirit distilleries and alkali works collateral branches of this industry.

The English refiners being strongly opposed to the Beet Root Sugar but little progress has been made. Its opposition is ... however is rapidly giving way and a very large English product of Beet Sugar is only a question of time. Beet Sugar by experiment made in France has been proved to be fully equal to that produced from the Cane which it closely resembles in appearance and taste. The difference between the two is almost indistinguishable even by expert.

From the estimates that have been made regarding the cost of raising the Beets, establishing factories for extracting the sugar ... matter and the resulting profits it would seem that Beet Sugar may be made here cheap enough for it to successfully compete with Cane Sugar. Nothing then is needed but capital and enterprise, and as enterprise usually begets competition the successful inauguration of two or three factories would speedily be followed by many more, so that in a short time we should have a new industry employing thousands of men and adding millions to our wealth.

Mrs. Fair's property pans out well. Her assets foot up six city lots $40,000 in Government bonds, two derringer pistols and three revolvers.

BY ATLANTIC CABLE.

Affairs in France

VERSAILLES, June 6—Lambrecht is made minister of the Interior, De France of Agriculture, Cissey of War, Leon Prefect of the Seine, and Ledo Ambassador to St Petersburg.

Supplementary elections will not take place until tranquility is restored.

The *Constitutionel* says of the Assembly: Its first duty will be to fill 120 vacant seats; next, to assume constitutional powers and finally a plebiscite. A letter from Guizot advocates the validation of elections of Aumale and Joinville with the settlement of the form of government by a vote of the nation.

Schomacker, the murderer of Generals Lecomte and Thomas, is arrested.

The trial of Rochefort and Assy has been postponed.

Wire has been discovered in the sewers, destined to blow up Paris.

Gambetta is still at Saint Sebastian.

LONDON June 6—Several officials under the empire have become candidates at the supplementary elections.

A Paris paper thinks the Ministers of the 4th September will leave the Cabinet. It also opposes a plebiscite. *Debats* praises the English course during the war.

The proposed fortresses located on Montmartre and Chantilly have been commenced.

The Orleans Princes

WASHINGTON CITY

Miscellaneous News

WASHINGTON June 6—Private letters from England state that Disraeli will positively support the treaty of Washington. His influence added to that of Sir Stafford Northcote, in the House of Commons is expected to carry a majority of the conservative party.

The salaries of Postmasters throughout the country are to be re-adjusted on a basis of their receipts during July and August of the year. The new schedule of salaries will go into effect July 1st 1872.

Mr Seward and party were at Suez on the 5th of May, and were going thence through Egypt. They had already traveled over thirty thousand miles.

WASHINGTON, June 6—There is no truth in the recently published Washington special stating that Gen Sickles has notified the Spanish Government that the question of restoring sequestered estates of American citizens in Cuba, etc., must be settled as an alternative by the employment of force. These very claims are referred with all matters in dispute for settlement by a convention recently concluded.

The Secretary of State himself is authority for the statement that Mr Fish is not to be one of the arbitrators in the case of the *Alabama* claims.

Receipts from internal revenue sources for the first six days in June of the present year, as compared with the same time of 1870 show a falling off of nearly five millions. This is attributable to the operation of the new law.

EASTERN STATES

The Flood at New Orleans

NEW ORLEANS, June 6—Water in the lake and canals is receding slowly. The canal and crevasse have been closed. Water in the city has receded an inch. The people in overflowed district have suffered much and collections are being taken for their relief. Two thousand five hundred houses have their ground floors under water and more than that number of families are homeless and desolate. The canal runs from the heart of the city to Lake Ponchartrain. It is always a navigable channel, ten or twelve feet wide, and river steamers and schooners perpetually pass and repass through it. The damage done by flood is estimated at $500 000.

Statements from President Grant

NEW YORK, June 6. The *Herald's* Long Branch correspondent says General Grant in an interview stated that Bancroft, Minister to Berlin, desires to resign and go to Italy to live. He is well posted on the San Juan question and to relieve him now would be injudicious. Before October the treaty will be fixed all right and as Bancroft has asked to be allowed to resign then he can do so without injury to our interests.

Speaking of General Sherman in connection with the Presidency, Grant said he and Sherman were warm friends. He was not authorized to speak for him, but he was pretty certain Sherman would not stand on a Democratic platform. Sherman is no Democrat and never was.

The President is satisfied with Boutwell and his policy, and saw no necessity for a change. He further stated that he knew very little concerning the arrangement between Fish and the Russian Minister, but supposes the affair trivial. When it was reported to him he would be able to say what to do with it if it should be worth while doing anything. Our relations with Russia are very cordial and it would take a great deal to disturb them.

The New Hampshire Legislature.

CONCORD June 6—The Legislature convenes to-morrow. All but 10 of the 168 Representatives calculated upon as the Democratic party strength were present last evening. Democrats are claiming the organization of the House by 10 majority, in which event the Senate vacancies will not be filled till after the Convention for counting the vote for Governor, after which the Senate will organize. If the Democrats are successful Geo. N. Pittman (Dem.) will be elected President of the Senate and W. N. Gove Speaker of the House.

Well informed politicians calculate on Weston's election by a close vote, say 5, and Democrats say they can elect him even if the House is organized by the Republicans.

The Democratic Death Bed Repentance

[From the Idaho Statesman.]

We suppose our neighbors are in a quandary. They cannot have failed to notice the tendency of their party leaders to accept the fruits of Republican legislation, and yet they are silent as the grave. Without wishing to be offensive we would yet like to ask them what they think about nigger equality. They are supposed to be publishing newspapers of a party stripe and we can inform them that they are mistaken if they suppose that they can keep their Democratic readers in ignorance of the death bed repentance revival now going on among their great party leaders. The formation of issues is something that the more enlightened Democrats among the rank and file will have something to say about. The day has gone by when the few will be entitled to do the thinking for the many. The people will think, inquire and agitate for themselves. Therefore, we are the more surprised at the non-committalism of our cotemporaries upon the departures from Democratic ideas in the address of the Democratic Congressmen and the still further departures in the platform of the Ohio Democracy. Such reticence is not commendable nor honest towards their readers. Are they waiting to get the drift of the party on the subject and to govern themselves accordingly? We can tell them already how it will be received in the country generally. The Northern Democracy will endorse the Vallandigham ... and the Southern Democracy will repudiate it. The shrewd party leaders will receive it with enthusiasm as a measure of political salvation and the rank and file will swallow it as a bitter pill. The weight being on the side of the Northern Democracy, the next platform will probably pattern after the Ohio resolutions. Thus and now we may conclude that there will be but very little difference between the Republican and Democratic creed. When the old Whig party died it was said that there was no distinction between the parties, and Democracy having the traditions and the youth of the land on its side buried its old antagonist. This event may explain this getting near to Republican ideas by the Democracy. These leaders are wise in their day and generation. But in this we think they have overshot the mark. If they had adopted these doctrines when the Chicago *Times* and other papers first proposed universal suffrage, the Democratic mind might by this time have been educated up to that standard. But from long teaching the White Man's idea is dear to their mind. The flattering unction of Caucasian superiority has so long lain on the Democratic stomach that irreparable mischief will ensue from thus violently wrenching it away. To Republicans it will seem too much like a death bed repentance. It bears on its face the evidence of approaching Democratic dissolution. It was long felt by the able party leaders that the party must be successful in the next Presidential election or disbanded. The indications furnished by the late elections were so ominous that desperate remedies alone could save the shattered wreck. And a dose of negro equality with an injection of reconstruction is indeed a desperate remedy to take into the Democratic bowels.

It is proposed to start a new paper in New Orleans somewhat on the plan of the St Louis and Cincinnati dailies to be sold at the same price as those papers are at the office of publication and complete with telegraph news. A New Orleans letter says: "The daily paper here now cost fifteen cents each when complete. It requires two days to get up and get out either one of the leading papers of this city. At two o'clock to-day you get the first installment of to-morrow's paper at the cost of five cents. So far so good for this seems like going ahead fast enough for general purposes. But to-morrow you pay ten cents for the remainder both days into one and set yourself down to read over the telegraphic dispatches copied from the upper country dailies which come by mail—all for fifteen cents."

A Danbury man found something offensive in his dozen eggs and took the dealer to task. "What is the matter with them?" asked the dealer. "They ain't good," was the reply. "Well that ain't to be wondered at," was the apologetic rejoinder. "Hens are drove so now, they ain't expected to be as particular as usual."

"Shot through the heart" is a common expression, yet out of 87,822 cases of gunshot wounds reported during the late war it is said that in only four cases the bullet wounded the heart.

CURRENT NOTES

The Republic of Mexico has 8,880,0?2 inhabitants.

The deaths at Buenos Ayres from yellow fever have been about 400 daily.

Hiram R. Revels, the colored ex-Senator of the United States, has been elected President of Alcorn University, at Jackson, Mississippi.

The fact that a report on immigration is being prepared by our Government having reached England, letters are being received at the Treasury Department requesting copies of said report. The manager of a prominent railroad in England states that as there is great difficulty in his country in obtaining reliable particulars on the subject of immigration, a copy of the report being prepared by our Government is earnestly requested. The report will be ready for distribution in a few days.

It is said that Mr Bancroft remains at Berlin as U S Minister on the solicitation of Secretary Fish. It is well understood that it is Mr Bancroft's desire to be relieved, but the reference of the San Juan boundary question to the Emperor of Germany as arbitrator has put a new phase on the Berlin mission, and the President and Mr Fish it is now understood desire Mr Bancroft to remain until the matter is disposed of, so that the Government may avail itself of his very thorough knowledge of the subject.

A report is being prepared at the Treasury Department for General Garfield of Ohio upon the subject of the tariff. The tariff rates and their workings from the foundation of the Government down to the present day will be embraced in the report. From present indications it appears that a revision of the tariff is contemplated at the next session of Congress and there is a general impression that there is some credibility to be placed in the rumor that Speaker Blaine has tendered the chairmanship of the Committee on Ways and Means to General Garfield.

The colored orator George T. Downing, has just written a letter in which he says that the African citizens of this country do not ask or expect social equality. He points out that social equality with whites is a matter to be regulated by the tastes and inclinations of parties. He allows no person black or white to enter his house save those he desires. This is his right, as it is the right of every other man, whatever his color or nationality. Aside from social privileges there are certain civil rights which all men and women in this country are entitled to. These apply to negroes as well as to Anglo Saxons, Germans, Irishmen or Frenchmen, and are equally applicable to Chinese or any other man. All that Mr Downing asks for his race is fair play, instead of invidious discriminations.

A recent letter from Washington says: I can see it plainly, palpably evident that never since Lincoln's last election has the Republican party evinced such unity of sentiment and determined action as it does at the present time, while it is just as indisputable a fact that thousands of loyal and honest Democrats are ... that they will no longer follow ... a party whose leaders have no ... sympathy for treason and Ku Klux ... those more blind, obstinate opposition to the grand progressive march of the Republican party. It has come simply to an issue between enlightenment, universal protection and education, liberal progress and National prosperity on the one hand, and *just the opposite to all these* on the other. Sensible and true men throughout the country are coming out of party blindness, obstinacy and prejudice, and declaring boldly for the right on these great questions.

WEDNESDAY MORNING, JUNE 7, 1871.

Their Actual Sentiments.

The Chicago *Tribune* says that the "new departure" platform of the Democracy is "in conflict in no essential particular with the last National Republican platform." Also, that the authors of this "new departure" have "broken into the Republican wardrobe and stolen all the old clothes they could lay their hands on. The question is whether they will be thoroughly disguised in their new garments, or whether they will be recognized, arrested, and brought to justice for larceny."

The new departure is simply an advertisement of a total destitution of principles on the part of its authors;—that is, they *pretend* to have no principles, inasmuch as the principles they have heretofore avowed have proven so unpopular. They think they had better try it awhile without any principles at all, rather than to keep in sight of the public the odious doctrines which have hitherto characterized the party. But if the true sentiments of the mass of the party could be arrived at and made known to the country, such a platform as the following would very nearly express the feelings which animate the large majority, and would really reflect the doctrines which lie nearest the Democratic heart:

1. Overthrow of the recent constitutional amendments and the dispersion of the so-called "carpet-bag governments" in the Southern States.

2. Deprive colored citizens of the elective franchise.

3. Withhold their civil rights and equality before the law.

4. Payment by the Government of the value of the slaves emancipated by the war.

5. Repudiation in part or in whole of the national debt, in accordance with the plan laid down in the Democratic platform of Oregon a year ago.

6. Put the disabled Confederate soldiers, together with the widows and orphans of their comrades who fell in battle or died in the hospitals, on the United States pension list.

7. Recognize "State sovereignty" as it existed in the Democratic mind in the administration of the Government in Buchanan's time, when the South was allowed to secede and no power could be found to maintain the national authority.

Probably the "Democracy" will decline to receive any advice about a platform, but a set of resolutions embodying the above "principles" would be exactly in accord with their desires. For in spite of their professions, now so profusely made, the above statement indicates precisely where they stand. And this they would boldly avow, were they sure the people would not condemn them.

Many Against One.

The *Herald* alone of the Democratic papers of Oregon accepts the abjuration of the principles of its party, assents to the "fraudulent, destructive and villainous measures of Radicalism," and expresses a willingness to give bonds that it will never disturb or attempt to reverse them. In short, it announces its complete acquiescences in very grave acts and the wrongs and proposes to let those acts and wrongs stand as they are, without further protest. Not so, however, with the other Democratic papers of the State. One and all, so far as we have observed, they denounce the new political movement as a sacrifice of Democratic convictions, declare that it will disgust the earnest members of the party and inevitably lead to defeat. We have already quoted from the Albany *Democrat*, from the Eugene *Guard* and from the Oregon City *Enterprise*, on the subject. To these we may now add the Roseburg *Plaindealer*. That paper after expressing a hope and a belief that the Democratic State Convention of Ohio would repudiate Vallandigham's new movement (which however, it did not do, but on the contrary accepted it), says:

> We have an abiding confidence that the Democrats in every State will assume a bold and undisguised position in favor of the Constitution and against the atrocious usurpation of the present Federal Government. *If this be done*, success is certainly assured; if, on the contrary, they should acquiesce in these usurpations, which are based upon the fraudulent Fourteenth and Fifteenth Amendments, because they are clothed in the garb of laws, with a mental reservation that they will be nullified when the power to do so is acquired, the people will have no confidence in their professions and defeat will be the inevitable consequence. The mass of the people have no [illegible] in a struggle merely for the spoils of office, but are almost of accord in demanding that the Government shall be restored to its original form and purity of administration.

The *Herald* thinks the Ohio movement "wise" and "politic;" its co-laborers of the press denounce it and declare that it will inevitably bring disaster. "The people," says a Democratic organ of Southern Oregon, "will have no confidence in the professions" of Democrats who accept or pretend to accept the new position. This is perfectly true. There is no reason now why Democrats should not vote with Republicans. Since Democratic principles are to be thrown away many who have been voting with that party will doubtless decide that they may as well act for their interests and the interests of the country. Since they cannot assert their principles by voting Democratic, they will be at liberty to act as circumstances may require.

The Philadelphia *Press* of the 27th May says: "Col. J. S. Loomis, Land Commissioner of the Northern Pacific Railroad, has just returned from a trip on the line of company's road. He reports that already a strong tide of immigration is setting northward to occupy the homestead lands and the lands of the Company, and also the sale, during his short visit, of 37,000 acres to colonists. The land department will soon be in running order, and to actual settlers every facility possible will be afforded in reaching the lands. The sales of the gold bonds of the road even in the West keep pace with the immigration. Indeed, they feed it, as they are taken for the land, and thus the purchase of a bond is, in fact, the purchase of a tract of land, with the right to locate it at your option hereafter—your purchase-money all the time bearing interest."

The Senate Judiciary Committee recently decided that no mileage was due to Senators for the extra session. How different this from the "constructive mileage" frauds of Democratic times, when Jo. Lane drew his full mileage from Oregon to Washington City, simply for walking out of one branch of Congress into the other!

Our neighbor of the *Herald* advises Democrats to accept the "new departure" doctrine. It should also advise them as an Ohio paper advises its Democratic readers, that the surest way to secure the success of their newly adopted principles is to vote the Republican ticket.

OREGON.

Committees have been appointed at Salem to make preparations for celebrating the Fourth of July.

The money order business at the Salem Postoffice, for three months ending June 3d, was about $14,000.

Hubbard, the first station on the railroad beyond Aurora, promises to be a place of considerable importance.

A colt three years old belonging to Thomas Townsend of Marion county, is 16½ hands high, and weighs 1,446 pounds.

The "Webfoot Band" was organized at Salem on Saturday. J. H. Haas is Leader, and J. D. Jordan, President. New instruments are to be procured from Boston at a cost of $600.

PERSONAL NOTES.

On the 24th May, Delegate Garfielde of Washington Territory, was lecturing on the "Great Northwest" at Springfield, Ill.

Col. Hans Matteson, Secretary of State of Minnesota, has resigned his office to-day, and gone to Sweden as Immigration Agent for the Lake Superior and Minnesota railroad.

Gen. C. P. Buckingham of Ohio, with his wife and two daughters, arrived at Salem on Saturday last. The wife of Gen. Buckingham is a sister of Mrs. Jeremiah Lamson of Yamhill.

T. B. Handley, Esq., of Yamhill county, has started for Warm Springs to perform a surveying contract. He leaves the *West Side* newspaper temporarily in the hand of Mr. Swain.

POLITICAL NOTES.

The Vallandigham platform begins to experience some opposition in Ohio from Democrats. The Hon. Milton Sayler strongly opposes the "new departure." The Hon. Wm. Berry pronounces it a fraud. Mr. Alfred Yagle considers it a very hazardous measure. Mr. B. Farrel, Secretary of the Democratic Executive Committee, is enthusiastic in favor of it. Mr. J. J. Faran, the leading editor of the Cincinnati *Enquirer*, bitterly opposes it.

Says the Cincinnati *Gazette*: The Democratic new departure puts the party in the way of progress. It begins by adopting the Republican measures of the last ten years. If it keeps on in this glorious path of progress, next year it will adopt the Ku Klux bill; the year after, anything the Republican party has accomplished. Thus its new departure in progress will be in the line of safe precedents. And the Republican party will have that appendage which our ancestors had, a long tail.

The address of the Democratic State Central Committee of Kentucky, recently published, says: Kentucky is charged with the offense of agitating issues killed by the war. The Democratic party does not propose to disturb the Thirteenth Amendment, but the party does oppose the Fourteenth and Fifteenth Amendments. They are not issues settled by the war. They are measures forced on the States by fraud and coercion on the part of the dominant party, and are not binding, whether accepted by the Democratic party or not.

The *role* of the Democratic party on the treaty is rather difficult. Firstly, their sympathies were with England, and the confederates in all the depredations on our shipping, and their instincts are against any claim for reparation. Second, they want to make party capital by opposing the treaty, and accusing it as a surrender of our just claims. Between their Anglo-confederate sympathies and their instinct of opposition, their part is a perplexing one, and this situation deprives both their approval and their opposition of any validity.

FOREIGN ITEMS.

The Second Comptroller has decided that an officer in the army who was removed by sentence of Court-martial and afterward reinstated by revocation of sentence is not entitled to pay time between dismissal and reinstatement.

The telegraph states that arrangements for the cession of the rock of Heligoland to Germany are progressing. The population is 2,230. It was taken from the Danes in 1687 by the British, and has since been retained. As an outpost of Germany in war time the advantage of possessing it would be great. Its value to Great Britain is *nil*.

Herr Von Treitschke, in the German Parliament, is as deaf as a post. The beauty of it is that he can make speeches, but he is not obliged to listen to them. He has a friend with a fearfully long name, who takes down the other gentlemen's speeches, after reading which, Von T. opens. Thus he has all the honor and pleasure and fame without the bore, and the influence is, that he is an exceedingly tough customer to meet in debate.

Very many Canadian papers take the view that the abandonment by England of her exclusive right to the fisheries and the navigation of the St. Lawrence is to be taken as a premonition of a settled purpose to abandon Canada entirely.

According to the census 188 inhabitants of Illinois were born in Oregon. This is hardly credible.

The neighborhood of Fifth Avenue and Central Park, New York, has long been the favorite location for purchasers of real estate, but prices have now risen so high there that attention has been directed to Eighth Avenue, on the opposite side of Central Park, where lots valued at $20,000, if located on Fifth avenue instead, would be appraised at from $50,000 to $70,000. Within a few months corner lots on Fifth Avenue, between Seventy-seventh and Seventy-eighth streets, sold for $70,000 each inside lots at $45,000, and street lots adjoining at $16,000 each. The current is now setting toward Eighth Avenue in the district between One Hundred and One Hundred and Sixth streets; and such is the greed which has seized upon property thereabout, that a plot of forty lots, 200 by 150 feet, which could have been bought a few months ago for about $13,000 per lot, are now held at from $20,000 to $25,000 a lot.

The negro question broke out in violent form in the American Baptist Home Missionary society, recently in session at Chicago. Certain Southern delegates, who appear to be of the hard-shell persuasion, ventured to affirm that in their opinion, the holding of negroes in slavery was not morally wrong—that, in fact, they were never so happy as when in bondage; and this being too much for the Northern delegates, an acrimonious discussion ensued which promises to entirely destroy the harmony of the gathering. It is amazing that any Christian man should at this day desire to revive the discussion of a subject which has been settled forever by the debate of arms, but it is yet more astounding that the essential righteousness of slavery, in view of its intrinsic viciousness and the fearful disasters it entailed upon the land, should be insisted upon in an assembly claiming to represent one of the great religious bodies of the country.

The question having been asked if the Chinese are Darwinians, why or when the fashion of their Chimpanzee forefathers was so changed as to locate the "tail" on the back of their heads, the Toledo *Blade* submits whether it is not possible that the backbone of the Chinaman is reversed, this being one of the possible "changes" which Mr. Darwin says may have "supervened." Pursuing this theory, the *Blade* adds: "Thus the Chinese are remarkable for doing nearly everything backwards, a habit which may be attributed to the reversed position of the spinal column. They begin at the end of a book and read forward, at the bottom and read toward the top, and at the right hand side of the page and read toward the left. In mounting a horse they go upon the right side and throw the left leg over instead of the right. To them the very points of the compass are reversed, for they call us the 'western devils,' when our location is east of them."

A dispatch has been received at Victoria from Ottawa to the effect that the Government is about to send out at once to British Columbia a force of engineers to explore the route for the railway. A party will be sent to explore each of the routes—the Skeena, the Howe Sound, the Butte Inlet, the Burrard Inlet and Douglas routes. The explorers, under a responsible engineer, are expected to arrive at Victoria within a month.

THE UNK WEED REMEDY

OR

OREGON RHEUMATIC CURE!

HISTORY.

THIS REMEDY IS COMPOSED OF THE ACTIVE principle of the Unk Weed, Eng.—Thaspium Cordatum Origanias, Lat.—Indigenous to *Oregon*. Grows most abundantly and perfectly in Washington county.

It is the most sure and speedy cure for RHEUMATISM, RHEUMATIC GOUT AND RHEUMATIC PAINS, of all kinds that was ever introduced in the Materia Medica.

Read the following certificates of the above fact from several of the most distinguished citizens of Oregon.

Certificate from A. R. Shipley, Esq., special contributor to the *Willamette Farmer*, and Secretary of the Oregon Horticultural Society:

OSWEGO, OR., March 28, 1871.

DR. A. M. LORYEA—Some four weeks ago I was entirely prostrated with Rheumatism; in fact I was almost helpless. I sent to you for one 10-ounce bottle of the "Unk Weed Remedy," by the use of which I experienced almost immediate relief; and by the time the bottle was gone the Rheumatism was gone. From my own experience, and from what I have heard others say who have used the Unk Weed, I believe it to be a certain cure for Rheumatism. Yours, respectfully, A. R. SHIPLEY.

Certificate from the Hon. A. J. Dufur, ex-President of the Oregon State Agricultural Society, and author of "Statistics of Oregon."

EAST PORTLAND, April 1, 1871.

DR. A. M. LORYEA & CO.—I was afflicted with a severe attack of Chronic Rheumatism; was confined to my bed most of the time from January to July, when I used the Unk Weed, and it cured me up. A. J. DUFUR.

Certificate from Hon. Gideon Tibbetts, a member of the City Council of East Portland:

EAST PORTLAND, April 7, 1871.

DR. A. M. LORYEA & CO.—*Gents:* This is to inform you that I have used your "Unk Weed Remedy" for Neuralgia and Rheumatic pains, and found relief from the use of only one bottle, and can recommend it to those in need of such a remedy. Yours, GIDEON TIBBETTS.

Certificate from Mr. James Bybee, the celebrated stock grower and "King of the Oregon Turf:"

SAUVIE'S ISLAND, January 14, 1871.

To DR. A. M. LORYEA & CO.—This is to acknowledge the efficacy of your "Unk Weed Remedy, or Oregon Rheumatic Cure." I was afflicted for months with a very *serious* attack of Inflammatory Rheumatism, and tried nearly all the so-called Rheumatic remedies without any relief perceivable. I then tried your Remedy, and its use resulted in the most happy effects—a perfect cure. Truly yours, JAMES BYBEE.

Certificate from Hon. E. L. Quimby, ex-County Commissioner of Multnomah county, Oregon:

EAST PORTLAND, April 1, 1871.

DR. A. M. LORYEA & CO.—I have used the "Unk Weed Remedy," and am satisfied it is a valuable medicine. It regulates and invigorates the system. This is my experience with the remedy. Truly yours, E. L. QUIMBY.

Certificate from Hon. N. H. Lane, Pilot Commissioner of Oregon, and a member of the City Council of East Portland:

EAST PORTLAND, April 19, 1871.

DR. A. M. LORYEA & CO.—I have been afflicted for several years with "weakness in the back," and wandering Rheumatic pains, accompanied by *severe constipation*. By the use of *one bottle* of your Unk Weed Remedy, or Oregon Rheumatic Cure, I have been entirely relieved, and I cheerfully recommend it as a most valuable and efficient remedy. NAT. H. LANE.

Certificate from the well-known merchant, O. W. Weaver, Esq.

THE DALLES, May 23, 1871.

DR. A. M. LORYEA & CO.—I have used the "Unk Weed Remedy" and can cheerfully recommend it to persons afflicted with Inflammatory Rheumatism. It cured me of that disease. My hands, wrists, ankles, indeed, all my joints were swollen and very painful. O. W. WEAVER.

Certificate from the celebrated musician, Prof. Otto Vieuxtemps:

OREGON MUSICAL INSTITUTE, PORTLAND, May 22, 1871.

DR. A. M. LORYEA & CO.—I was attacked with severe Inflammatory Rheumatism, suffering great pain, and was so prostrated that I was unable to attend to my business. I used one bottle of your Unk Weed Remedy, or Oregon Rheumatic Cure, and was entirely cured by it alone. OTTO VIEUXTEMPS.

Put up in 10-ounce bottles, at $1 50 per bottle.

... THE CASCADES.—Capt. J. C. Ainsworth went up to the Dalles on Monday to run the boat *Nez Perces Chief* down to this city. Yesterday morning he started with her an hour and a half after the *Idaho* left and arrived ... half past one o'clock—a quick passage. ... through the rapids in excellent style, ... with no mishap at all except the unshipping of one of her "hog chains," which, however, ... no damage. At the upper chute, though the water was very rapid, it was perfectly ... At the middle rapids she was run down the main channel instead of through the shore ... as was the *Oneonta*, and here she encountered the only very rough water in the entire passage. From all accounts, this must be a place to ... the nerve of any pilot who is not experienced ... a steady soul. The *Chief* now lies moored at the boatyard, having made her last trip.

... STONE.—The steamer *Geo. S. Wright* brought from Bellingham Bay seventy-five tons of stone for the Portland custom house. The stone is a fine blue sand, quite hard, and has the ... of being remarkably durable, and yet ... and works easily. It is infinitely ... and better stone than that procured at ... and we doubt if there is a better quality ... stone on the coast. The quarry is said to be situated immediately on the bank of the Bay, ... hands and teams alongside a ... which ... is on the land side direct ... By measurement, at 3 o'clock ... noon, it was found that the water ... feet and one inch of being as high as ... June flood of 1862. The water ... all of Front street to a point just ...ton, and the latter street was navigable ... far out toward Park. The water ... very slowly, and nobody need apprehend ... like a repetition of the flood of ... doubt if it will get into Front street at ... at the lower end.

Fourth ... across the lake reaching the bank of ..., connecting with North Front ... below the Boneyard. From this point ... run up along the river bank to the ... depot and the steamship wharf. Trains will ... depot by running down on to the track ... with the river and then backing up.

... UNDER THE WHEEL.—A heathen Chinaman ... skiff got in the way of the ferryboat ... just as the boat was putting out from the ... afternoon. The wheel struck ... keel up in the wink of a lively ..., and then climbed over both the skiff and Ah ... The latter popped up in a moment and ... the ...ed boat, hung on till he had ... the shore. WALLAMET RIVER BRIDGE.

PORTLAND, June 5, 1871.

DR. LORYEA—*Dear Sir:* Permit me to report to you, as Secretary of the Portland Bridge Company, in pursuance with your request, that I have made an examination of the Government surveys made by Major R. J. Williamson, and am fully satisfied from that, and positive information arrived at in connection with the Harrisburg bridge, that the proposed railroad bridge can be built at an expense not exceeding $150,000 gold coin.

And, sir, I am, very respectfully, yours,
H. R. LEONARD.

Mr. H. R. Leonard is an experienced bridge-builder, lately arrived from California. He is the contractor, we hear, to erect the Harrisburg-Wallamet bridge. His estimate, above, may be relied upon as very near the correct figure. Of the sum mentioned in Mr. Leonard's letter, $10,000 was subscribed on Monday. The parties having the matter in hand are sanguine that the whole amount can be raised this season.

PERSONAL.

Ben Holladay and a party of guests, consisting of Messrs. D'Lasky, Seward, Koch and others, went up to the Dalles on Monday, the visitors going for the purpose of seeing the Columbia river scenery and the country beyond the mountains. A number of the party returned last evening; but we are informed that others went on to Lewiston. They were all delighted with the trip and what they saw.

We have received a letter from Mr. F. M. Bates, late of the Oro Fino Theater, under date, San Francisco, May 30, in which he says that he and Mrs. Bates were to start for New York, June 3d—last Saturday. He thinks it not likely that they will ever revisit this country again.

Mr. T. B. Handley, editor of the *West Side*, arrived at this city this afternoon. He informs us that he is off for a jaunt to Warm Springs Reservation. We trust that the siwashes will not raise his *hair*.

We have a report of a parliamentary speech by Gen. Von Moltke, which is worthy of a great statesman. He said it was his most ardent desire that the resources now devoted by the various Governments of Europe to warlike objects might be turned to the purposes of peace. He argued that the only means of bringing about such a result was the establishment in Middle Europe of a great non aggressive power, which would be strong enough to prevent all its neighbors from making war, and this power must be Germany. These are encouraging words of Von Moltke, the g. A military organizer and commander. Perhaps Europe under the amicable domination of Germany, may now begin to enjoy the thousand years of peace, the coming of which was predicted by prophets thousands of years ago.

Look at the price of Clothing at the store of Kohn & Fishel. Examine the superior quality of their Goods and you will be convinced they are worthy of your patronage. They will sell you a splendid Dress Suit, black or blue, for $25. An A 1 Cass. Business suit for $17 50. First class Blue or Black Beaver Suit for $25, and some cheaper. Summer Goods, such as Chevoit, Tweed, White Marseilles, Pique and Linen Suits at extreme low prices. Their stock of Furnishing Goods, White Shirts, Socks, &c., is the best in the city and at extreme low prices. Best Star White Shirt at $2 00.

Coughs and Colds are often overlooked. A continuance for any length of time causes irritation of the Lungs or some chronic Throat Disease. "BROWN'S BRONCHIAL TROCHES" are offered with the fullest confidence in their efficacy, giving almost invariably sure and immediate relief.

Owing to the good reputation and popularity of the Troches, many *worthless and cheap imitations are offered, which are good for nothing.* Be sure to OBTAIN the *true "Brown's Bronchial Troches."* Sold everywhere.

☞If you have a discharge from the nose, offensive or otherwise, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull and stupid or debilitated, pain or pressure in the head, take cold easily, you may rest assured that you have the Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in Consumptions, and end in the grave. No disease is so common, more deceptive or less understood by physicians. R. V. Pierce, M. D., of Buffalo, N. Y., is the proprietor of Dr. Sage's Catarrh Remedy—a perfect specific for Catarrh, "Cold in the Head," or Catarrhal Headache, which he sends to any address, postpaid, for sixty cents, or four packages for $2. Sold by most druggists everywhere.

A Pitiful Condition.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease, they suffer no positive pain; but they have no relish for anything which affords mental or sensuous pleasure to their more robust and energetic fellow beings.

In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more pitiable condition than ever, (as it assuredly would do if an ordinary alcoholic stimulant were resorted to,) but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time in administering temporary remedies, but wake the system up by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influences. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve and brain flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished.

Ghosts and Ghost-Seers.

[illegible] autobiography of Lord Brougham has been published. In it the following incidents are related:

Six months before his admission to the Scotch bar, Brougham experienced an illusion, the account of which might be added to the literature of Spiritualism. Having made a solemn agreement with an intimate friend—an agreement written legibly on paper in their own blood—that he who should first die would immediately after death do his utmost to visit the survivor, Brougham [illegible] sensibly moved [illegible] apparition of [illegible] had been separated for several years. Brougham was in [illegible] of leaving a hot bath, [illegible] semblance of his [illegible] imagined to be alive in [illegible]. The spectre startled him at the time, and, though he made haste to account for it on scientific principles, the recollection of its sudden and brief appearance troubled him for many days. On his return to Edinburgh he received a letter which informed him that his friend had died in India on the day of the apparition. [illegible] Brougham remarks concerning this strange affair: "Singular coincidence [illegible] yet when [illegible] reflects on the vast number of dreams which night after night pass through our brains, the number of coincidences between the vision and the event are perhaps [illegible] less remarkable than a fair [illegible] the chances would warrant us to expect."

Brougham tells another ghost story, with a touch of the ludicrous:

On all such subjects my father was very skeptical. He was fond of telling a story in which he had been an actor, and, as he used to say, in which his unbelieving obstinacy had been the means of [illegible] what would have made a very pretty ghost story. He had been dining in Dean's Yard, Westminster, with a party of young men, one of whom was his intimate friend, Mr. Calmel. There was some talk about the death of a Mrs. Nightengale, who had recently died under some melancholy circumstances, and been buried in the Abbey. Some one offered to bet that no one of those present would go down in the grave and drive a nail in the coffin. Calmel accepted the wager [illegible] stipulating that he might have a lantern. He was accordingly let into the cathedral by a door out of the cloisters and there left to himself. The dinner party after waiting an hour or more for Calmel, began to think something must have happened to him, and that he ought to be [illegible] after so my father and two or three more got a light and went to the grave, at the bottom of which lay the apparently dead body of Mr. Calmel. It was quickly transported to the Pretender's dining-room, and [illegible] out of his fainting fit. As soon as he could find his tongue he said: "Well I have won my wager, and you will find the nail in the coffin; but, by Jove, the lady rose up, laid hold of me, and pulled me down before [illegible] scramble out of the grave." Calmel stuck to his story, in spite of the scoffing of his friends, and the ghost of Mrs. Nightengale would have [illegible] all over the [illegible] father's obstinate incredulity. Nothing [illegible] satisfy him but an ocular inspection of the grave and coffin; and so, getting a [illegible] of the party returned to [illegible]. There, sure enough, was the nail, [illegible] into the coffin; but hard fixed by it [illegible] of Mr. Calmel's coattail! So there [illegible] end of Mrs. Nightengale's ghost. This grave [illegible] became remarkable for a very [illegible] piece of sculpture, by some celebrated [illegible] representing Mr. Nightengale [illegible] trying to ward from his dying wife the [illegible].

APRIL, MAY, AND JUNE.

PURIFY THE BLOOD

In these months.

HELMBOLD'S FLUID EXTRACT SARSAPARILLA

Cures all eruptions of the skin.

HELMBOLD'S FLUID EXTRACT SARSAPARILLA

Cures the worst form of blood diseases.

HELMBOLD'S FLUID EXTRACT SARSAPARILLA

Enters heavily into the circulation of the blood.

HELMBOLD'S FLUID EXTRACT SARSAPARILLA

Beautifies the complexion.

All powders and outward applications destroy the skin, rendering it harsh and coarse. Look at the skin of old maids and those who have used such any length of time. My advice is to discontinue that and use

HELMBOLD'S FLUID EXTRACT SARSAPARILLA.

One bottle is equal in strength to one gallon of the syrups or decoctions as usually made, and a wine glass added to a pint of water equals the celebrated Lisbon Diet Drink. Try it this way.

A delightful beverage.

HELMBOLD'S CATAWBA GRAPE PILLS,

HELMBOLD'S CATAWBA GRAPE PILLS,

A pleasant, safe and agreeable cathartic.

HELMBOLD'S CATAWBA GRAPE PILLS,

Used in all affections where a purgative medicine is needed.

HELMBOLD'S CATAWBA GRAPE PILLS,

Harmless to a child, and taken by children.

HELMBOLD'S CATAWBA GRAPE PILLS

Supersede magnesia, salts and every other purgative.

HELMBOLD'S CATAWBA GRAPE PILLS,

Certain in effect and pleasant in operation,

HELMBOLD'S CATAWBA GRAPE PILL

Is not a patented pill.

HELMBOLD'S CATAWBA GRAPE PILLS

Are composed of Catawba grape juice and fluid extract rhubarb.

How to proceed in the spring and summer months to insure new life, new blood, new vigor: Purchase two bottles of

HELMBOLD'S SARSAPARILLA,

and one box of PILLS—worth their WEIGHT IN GOLD. No better investment can be made for so small a sum.

HELMBOLD'S FLUID EXTRACT BUCHU

HAS ACQUIRED A WORLD-WIDE FAME.

All of my preparations are meritorious. A period of twenty years has PROVED THIS to be the case.

See remarks made by Benjamin Travers, F. R. C. S. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken and yet so irritable as renders other substances of the tonic class unavailable or injurious.

See REMARKS of the GREAT CHEMISTS AND PILL MEN OF AMERICA,

WM. R. WARNER & CO.,
154 North 3d st., Philadelphia, Pa.

H. T. HELMBOLD—ESTEEMED FRIEND: We congratulate you on having the handsomest, and at the same time the MOST EFFECTIVE PILL that we have ever known for the purposes intended.

WM. R. WARNER & CO.

H. T. HELMBOLD will remark in conclusion, that his remedies are the result of long and careful study. The Fluid Extracts have been before the public twenty years; the sale of them in that time proves their value. All have been benefitted by them who followed my instructions, and to-day they stand UNEQUALLED in the extent of their sale and UNSURPASSED by any Medicament in the Dispensatory of the United States, not excepting a single HERB, ROOT, PLANT, or scientific preparation.

Pharmaceutical I claim all mine to be, and have never patented a single one.

To dispel any impression or prejudice that might exist in the minds of many against my Preparations from the publicity given, through advertising, and that I am and have been a druggist for a period of 20 years, and more conclusively to prove this, see letter:

[From the largest Manufacturing Chemists in the world.]

NOVEMBER 4, 1854.

I am acquainted with Mr. H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman, Manufacturing Chemists, 9th and Brown sts., Philadelphia.

ALL STAND ON THEIR MERITS.

The Pill I have thought of offering to the afflicted for ten years.

They are now perfect, and I shall stake my time, money, and fame on their effectiveness. The inviting style in which the Pill itself is made, the bottle, label, wrapper—all show with what care they have been prepared. After examination, no English or French preparation will show greater care, and I am really proud of them.

Instead of the nauseous-looking, carelessly-prepared Pills vended generally and put up in wooden boxes, and made generally or offered by those having no experience as physicians, druggists, or manufacturers of medicines, test the medicines offered by your obedient servant.
